

Instructions:

- 1.) Print out the following pages
- 2.) Laminate the “Draw. Write. Learn.” work page. If you do not have a laminator, simply use a clear protective sheet.
- 3.) Each day, choose a word from the “Sight Words List” and write the word in the top right corner of the “Draw. Write. Learn.” worksheet, using a dry erase marker.
- 4.) Have your child write a sentence (independently if possible) using that word. Allow them to draw an image to go along with their sentence.
- 5.) When complete, check their work and mark the word off on the “Sight Words List”.
- 6.) When all the words have been completed, reward your child with their own “Sight Word Handwriting Challenge” certificate!

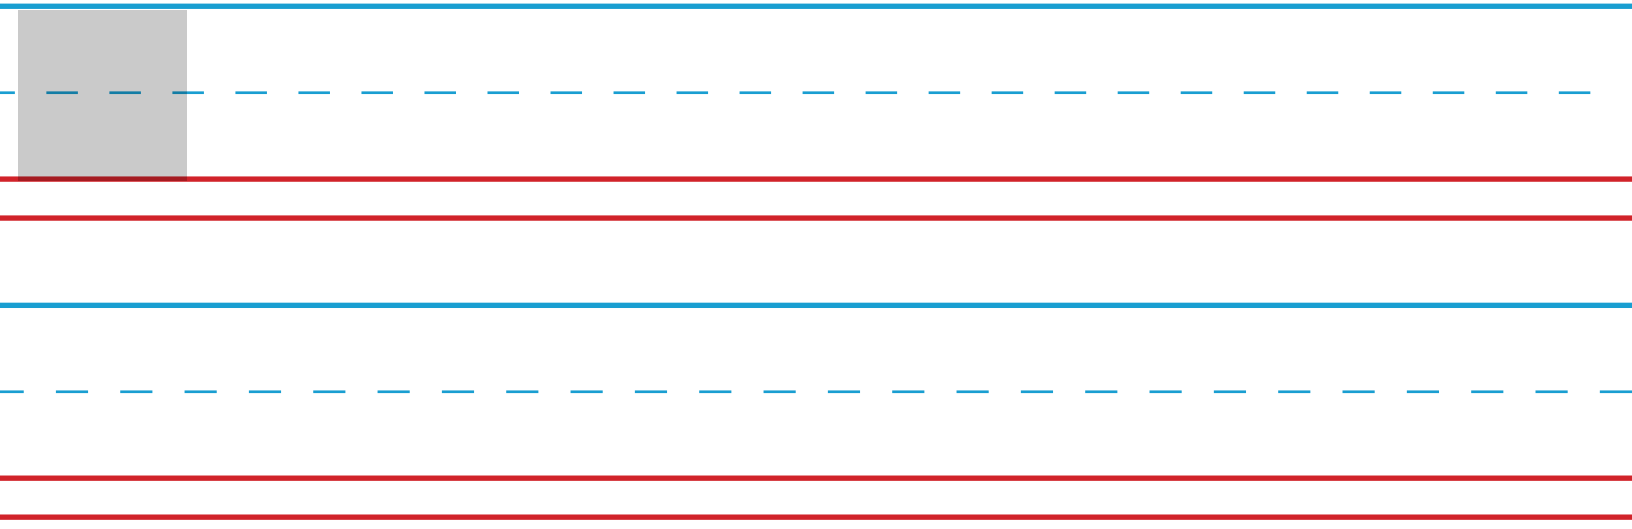

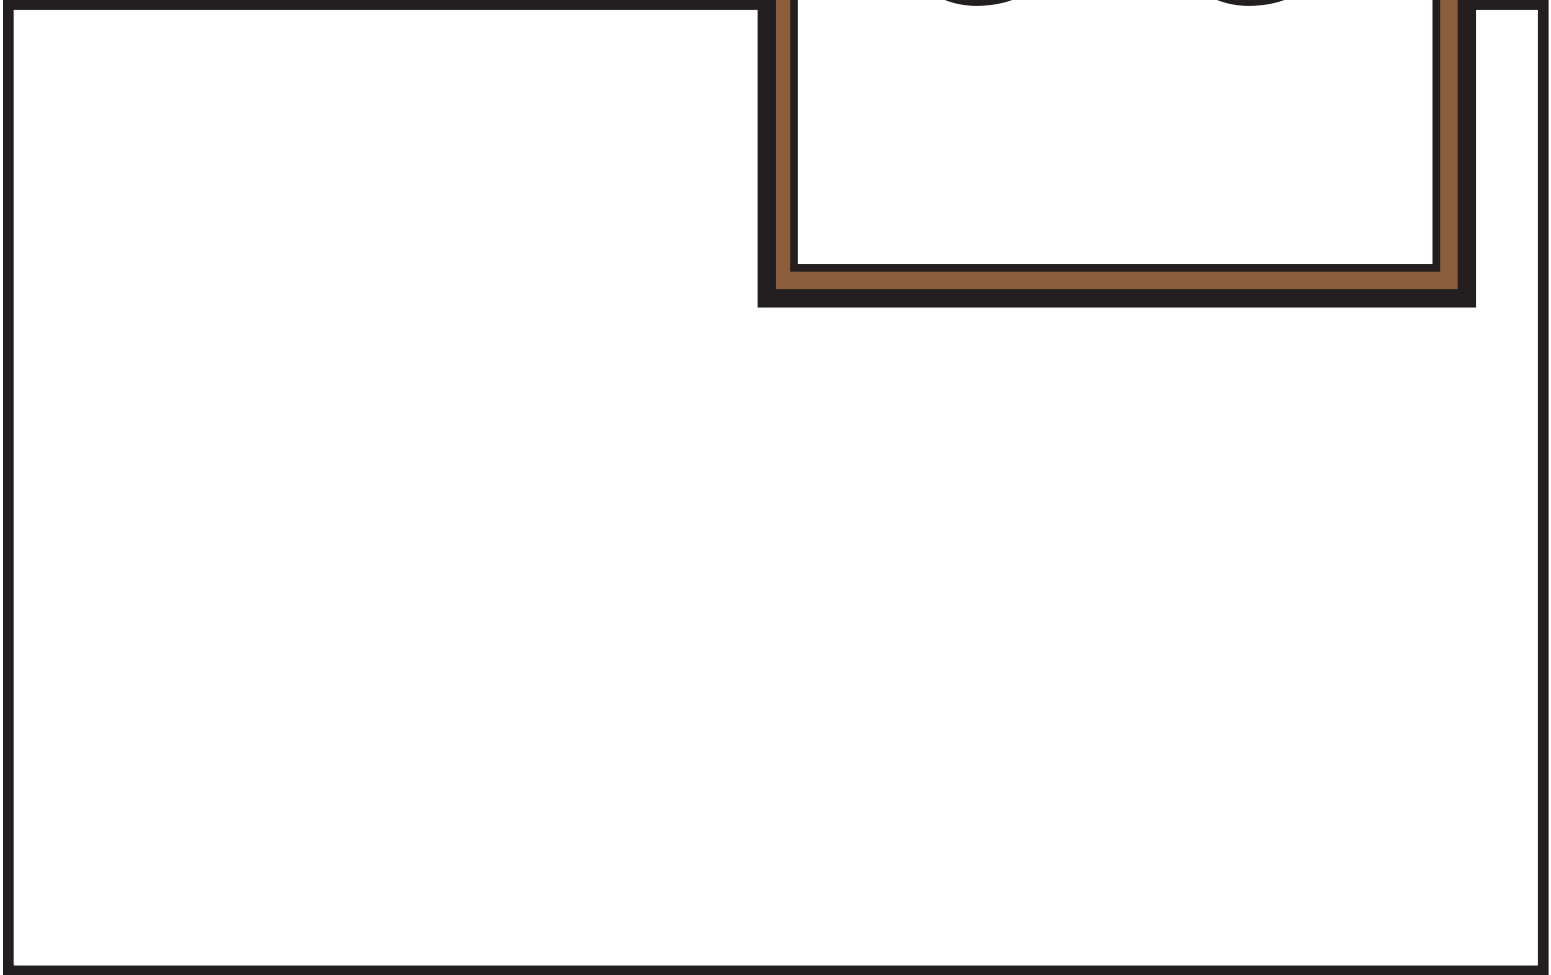

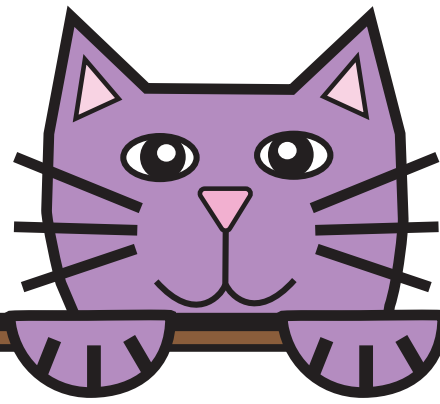

Tips for Success:

- Before you get started, explain to your child how to build a proper sentence using the “Sentence Train” below.
- After checking their work, point out any nouns, verbs or adjectives they have used.
- Remind them that names and the word “I” are always capitalized, even if they are not at the beginning of a sentence.
- To make these exercises even MORE fun, try letting your child use shaving cream or sand to write the words using their fingers!

Draw. Write. Learn.
